# ABOUT CIF

The Collision Industry Foundation (CIF) is the 501(c)(3) charitable arm of the collision repair industry. We are dedicated to raising, managing and donating funds to provide emergency relief to collision repair professionals who have been impacted by natural disasters or other catastrophic events.

*Some examples of the support that CIF has been able to provide and how donations assist those in need:*

- CIF partnered with Snap-on to provide a new toolbox and replacement tools when Veteran Sterling Keith had his tools stolen while deployed, allowing Sterling to continue his restoration work.

- CIF assisted Becky Rogers, General Manager of Pearson Road Collision Repair in Paradise, CA, to organize a Christmas dinner (and presents for the children) for those left homeless by the wildfires in Paradise, CA.

- CIF provided equipment and paint with the help of sponsors to Houston's Kingwood Park High School's Auto Collision program after Hurricane Harvey, as well as assistance to the instructor Jeff Wilson and his family.

We never know when disaster may strike, but with your help we can be prepared when it does. Please consider making a tax-deductible donation to CIF.
